How to use a personal device on the WSSD WiFi network

1. Connect to WSSD Network
   - Network: **WSSD**
   - Key: **westsideschooldistrict**

2. Change settings for the WSSD network:
   - iPhone
     - Disable Private Wifi Address (Set to Off)
     - Disable Limit IP Address Tracking
   - Android
     - Disable Privacy -> Use Randomized MAC

3. Visit login.linewize.net
   - Optionally, choose "Save My Device"

Troubleshooting Tips

- Disable Data / LTE / Cellular connection while doing this process
- "Forget" the WSSD network and start over
- Reboot your device
